SUMMARY:

Software Engineer with 1+ years of hands-on experience in full-stack web development using React.js, Next.js, Node.js, Express.js, and MongoDB. Proficient in developing scalable, responsive applications and integrating RESTful APIs. Skilled in AWS (EC2, S3), WordPress customization, and PHP-based plugin development. Delivered a production-ready warranty management platform on AWS. Passionate about solving complex problems and driving team success through innovative solutions.

PROFESSIONAL EXPERIENCE:

Associate Software Engineer

NearTekPod, Trichy, India | Aug 2024 – Mar 2025

- **WordPress Plugin Development:** Developed a custom plugin enabling dynamic form creation and email submissions.
- **Warranty Project:** Played a key role in developing a warranty and claim management platform using WordPress, PHP, and AWS, including EC2 instance management and Amazon Machine Image recycling for cost efficiency.
- **Low Code Platform (LCP):** Developed applications leveraging Next.js, optimizing workflows and user interfaces for business needs.
- **Hospitality Training:** Completed training in Oracle OPERA and Spring Boot Java, gaining hands-on experience in both technologies.

Software Engineer Trainee

NearTekPod, Trichy, India | Feb 2024 – July 2024

- Completed MERN stack training, mastering core technologies like React.js, Node.js, Express.js, and MongoDB, and gained hands-on experience.
